

snaked: cron replacement

August 12, 2013

Kiev

Petya Kohts

snaked evolution

- Job timeout (`IPC::Cmd::run_forked`)
- Job dependencies
- Cron schedule format

Scalability framework

- Application options, host groups
- Nagios client
- Nagios server

Vixie cron

- 80 characters per job definition
- External tools to control concurrency
- External tools to control timeouts

Cron 5?

- CPAN install snaked
- snaked --sample-config
- file based configuration
- defaults for almost everything
- production useful features
